TRAINING PROVIDER**

**SOUTH BANK**  
CAMPUS

# BENEFITS OF STUDYING AT TAFE QUEENSLAND

You will have access to multi-million dollar facilities and the latest equipment and software while studying in a positive, supportive social environment.

Enjoy small classes with a high level of teacher contact and learning support. Take part in many on-campus sporting, cultural and artistic events.

Our focus is on practical, hands-on training. Our courses are nationally accredited and reviewed by industry advisory bodies to ensure you graduate employment ready.

# INTERNATIONAL TRAINING PROVIDER OF THE YEAR 2019

The **Australian Training Awards** are the peak national awards for the vocational education and training (VET) sector, recognising individuals, businesses and registered training organisations for their contribution to skilling Australia.

The award recognises TAFE Queensland's achievements in providing high-quality vocational education and training products and services to students, businesses and Government partners from more than 90 countries.

AWARDS**  
2019

# WELCOME FROM DENISE O'BRIEN

TAFE QUEENSLAND OFFERS **A DIVERSE RANGE OF COURSES COVERING 22 STUDY AREAS** THAT REFLECT NATIONAL PRIORITIES AND GLOBAL WORKFORCE TRENDS.

Our staff and students routinely win prestigious state and national awards. We enjoy a very high level of student and employer satisfaction in the 80-90% range.

You can be confident that our teachers are among the best in Australia all of whom have many years of professional experience and who return to industry service each year to refine their skills.

We pride ourselves in our purpose-built facilities where you will learn hands-on using the same tools and equipment used in industry. Put your theory into practice straight away in our clinical labs, salons, training restaurants, and creative spaces. Develop your skills, ability, and confidence and gain the practical experience you need to graduate job ready.

Our focus is on making your educational journey as rewarding and enjoyable as possible. We have a wonderful team of educational and support staff to help you feel welcome and keep you engaged and motivated.

**TOGETHER WE CAN MAKE GREAT HAPPEN.**

**Denise O'Brien** - General Manager  
INTERNATIONAL EDUCATION

# GOVERNMENT OWNED AND OPERATED

TAFE Queensland is a Statutory Body set up by the Queensland Parliament under specific legislation.

TAFE stands for “Technical and Further Education”.

A major strength of TAFE Queensland is its heavy involvement with industry through formal advisory councils. This ensures we focus on real-world, hands-on and practical skills, training and development.

TAFE Queensland is a ‘public’ training provider contributing to the Queensland Government’s educational priorities for aligning skills development with industry demand and global trends.

To do this, TAFE Queensland has 50 campuses around the State of Queensland catering to around 110,000 students and has 22 campuses offering international programs.

**TOWNSVILLE**  
CAMPUS

# WHO WE ARE

## OUR VISION

At TAFE Queensland our vision is to be the leading provider of vocational education and training that is at the heart of community success.

## OUR PURPOSE

Why do we exist: At TAFE Queensland, we deliver quality education and training that enables the careers of our students and the development of the industries and communities we serve.

## OUR VALUES

By holding true to our values and keeping customers at the centre of everything we do, we will continue to strengthen TAFE Queensland's reputation as a leading provider of high quality education and training.

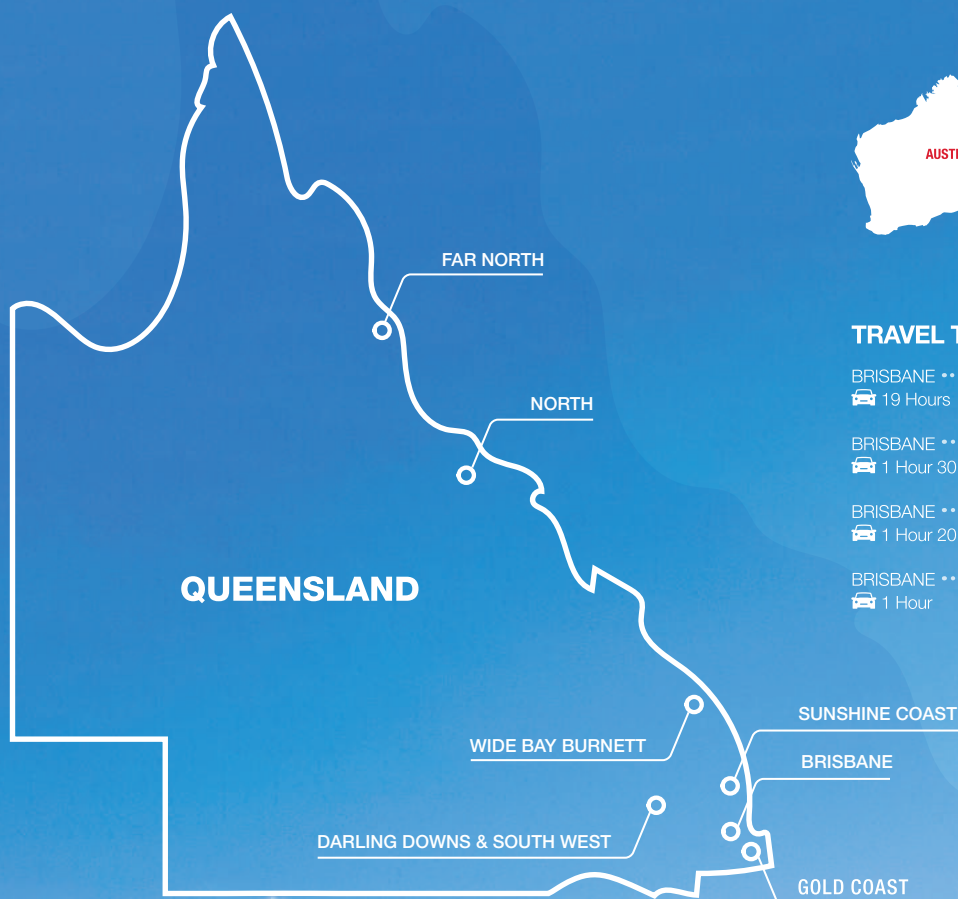

## TAFE QUEENSLAND WON THE 2019 AUSTRALIAN INTERNATIONAL TRAINING PROVIDER OF THE YEAR.

We are regarded as one of the best training providers in Australia and this award recognises our achievements in providing high-quality vocational education and training products and services to over 3000 international students annually from more than 90 countries.

# WHERE WE ARE

Queensland is commonly called the Sunshine State, as it is often blanketed by sun throughout the year. This has led to Queensland's outdoor culture, which has been prevalent in shaping the habits, events and lifestyles of the locals.

# WORLD-CLASS FACILITIES

Step out of the classroom and into **our purpose-built facilities** where you will learn hands-on using the same tools and equipment used in industry.

Put your theory into practice straight away in our **clinical labs, salons, training restaurants, and creative spaces**.

Develop your skills, ability, and confidence and **gain the practical experience you need to graduate industry ready**.

**MT GRAVATT**  
CAMPUS

## WORLD-CLASS FACILITIES

Our courses are delivered on our modern campuses, using world-class facilities and equipment. For example, our state-of-the-art dental laboratory and working denture clinic allow students to complete clinical and lab work on real patients, using real equipment and facilities.

## STATE-OF-THE-ART EQUIPMENT

Our state-of-the-art production facilities boast industry-standard video editing suites, sound recording studios and a Black Box Theatre for video production. Our OptiTrack 3D Motion Capture System and high-definition video cameras mean you will be working with the most up-to-date technology on the market.

## INTERACTIVE LEARNING SPACES

Our commercial cookery students gain practical experience in our on-campus training restaurants preparing gourmet quality food for the general public as well as catering for VIP functions and events.

## INDUSTRY-STANDARD CLINICAL PRACTICE

Our learning spaces are more than just classrooms. Our simulated clinical wards are equipped with state-of-the-art anaesthetic machines, vital signs monitors, ECG machines, IV trolleys and simulator mannequins, which will prepare you for real-world situations while under the supervision of industry professionals.

OUR PURPOSE-BUILT FACILITIES WILL **ALLOW YOU TO BUILD HANDS-ON SKILLS** THAT YOU CAN TAKE STRAIGHT INTO THE WORKFORCE WHEN YOU GRADUATE.

# INDUSTRY RECOGNITION

Our teachers regularly return to industry to keep their skills and knowledge up-to-date. They contribute to developing training packages **in consultation with industry to ensure our courses continue to meet contemporary workforce requirements and standards.**

Our **partnerships with local employers** also allow you to train on-the-job in real workplaces and gain valuable work experience while you study.

Our staff and students are **regular recipients of awards for excellence across a wide range of industries.** Students and staff regularly win at regional and state levels at the Queensland Training Awards and in 2019 we earned the title of Australia's International Training Provider of the Year.

**MOOLOOLABA**  
CAMPUS

## ACCREDITATION DENTAL

Our Bachelor of Dental Prosthetics program is nationally recognised and endorsed as an accredited course by the Australian Dental Council (ADC) and approved by the Dental Board of Australia. While at TAFE Queensland, all students are registered with the Australian Health Practitioner Regulation Agency (AHPRA) by TAFE Queensland.

## AWARD-WINNING PROGRAMS

In addition to the 2019 Australian award for International Training Provider, TAFE Queensland won the 2018 Large Training Provider of the Year award for the fourth year in a row and numerous awards for Student and Teacher of the Year.

## ACCREDITATION ENGINEERING

TAFE Queensland's Associate Degree in Civil Engineering is accredited by Engineers Australia at the level of Engineering Associate. This professionally-accredited program is also recognised in Canada, Ireland, Korea, New Zealand, South Africa, United Kingdom and the United States of America through the Dublin Accord.

## INDUSTRY CONNECTIONS

TAFE Queensland has many industry partners including The Star, Marriott, Accor, and Hilton. In collaboration with our partners we offer master classes presented by industry renowned chefs. These industry connections allow you to seek career guidance and provide an opportunity for future employment outcomes.

OUR PARTNERSHIPS WITH LOCAL EMPLOYERS ALLOW YOU TO **TRAIN IN REAL WORKPLACES AND GAIN VALUABLE WORK EXPERIENCE** WHILE YOU STUDY.

# THE BENEFITS OF VOCATIONAL PLACEMENT

One of the best things about studying with TAFE Queensland is that so many of our qualifications require students to participate in a vocational placement component, or “VPC” for short. In some countries, this is known as an “internship”.

Vocational placements provide students with the opportunity to apply the skills they learn on campus in a supervised, structured, “real-world” workplace environment.

Placements allow students to gain up to date industry level training “on the job” - while giving employers the opportunity to pass on their knowledge and increase the number of work-ready graduates.

## DO I HAVE TO DO A PLACEMENT?

Yes, the placement component forms part of your training and assessment for your course and is a mandatory requirement to achieve your qualification. Industry advisory committees in Australia have determined that as part of your course, you must be able to demonstrate your skills in the workplace whilst under supervision. TAFE Queensland has ensured that the placement is authorised under Australian and Queensland State law and you are covered by appropriate insurances.

## WHAT IS THE DIFFERENCE BETWEEN A PLACEMENT AND WORK EXPERIENCE?

Whereas a placement is compulsory, work experience is offered or encouraged as an additional feature in some TAFE Queensland courses to help you gain important on-the-job skills that can help you get a better understanding about your chosen career and may lead to getting casual paid work. Work Experience (“WE”) is not part of your formal assessment and as the title suggests is not paid.

# THE BENEFITS OF VOCATIONAL PLACEMENT

## ALEXANDRE GUARNERI MARINE CRAFT CONSTRUCTION

“ Having the infrastructure at TAFE Queensland has helped me to relate to the industry. I study at TAFE Queensland on why certain things are done in a certain way due to safety and quality reasons and then I get out to the real world to practice what I learnt and do it right, that's the best thing about TAFE Queensland! My work placement and work experience in Marine Craft Construction has been the highlight of my experience here in Australia. I get to learn every aspect of the trade from experienced people in the construction of vessels of different sizes.

I have never stepped in a boat before but TAFE Queensland has prepared me for the industry and to become a boat builder in the future.

Marine Craft

South Korea

Cookery and Hospitality

I chose to study with TAFE Queensland as it is highly reputable. My teachers focus more on hands-on training.

They teach me with all the kitchen equipment and serving techniques which helped me a lot with my work placement.

# UNIVERSITY PARTNERSHIPS

TAFE Queensland has partnerships with some of Australia's top universities. The benefit of combining your diploma and university studies is that you can start working straight away using your diploma skills, while finishing your degree.

TAFE Queensland graduates are eligible for credit transfer that can save up to a full year off your university degree. Our partnerships with top universities mean you will graduate with a prestigious university degree, as well as the hands on skills of a TAFE qualification, delivered in a practical, job-focused training environment.

You will graduate ahead of the pack with academic knowledge backed up by real-world skills.

# PATHWAYS GUIDE

Our Pathways to University Guide details our diploma to degree articulation arrangements.

Our diploma to degree pathways will give you the best of both worlds, combining practical training from TAFE Queensland with the theoretical knowledge of a prestigious university degree.

Applying for a degree pathway is a 2-stage process involving an application to TAFE Queensland and a separate application to one of our partner universities.

*NOTE: if you are applying through an education agent, your agent must be an approved agent of both TAFE Queensland and the University.*

# COURSE FEES & PAYMENT STRUCTURE

## INTERNATIONAL PRICE LIST

TAFE Queensland's Price List provides a quick reference to our course tuition fees, locations and start dates. It will also indicate if vocational placements and university pathways are available.

### TAFE Queensland courses are paid by semester:

- » 1 year course = 2 semesters / 2 payments
- » 1.5 year course = 3 semesters / 3 payments
- » 2 year course = 4 semesters / 4 payments

Example: Diploma of Early Childhood Education and Care is 1.5 years. **Total cost: \$15,000 (has a total of 3 semesters / 3 payments)**

- » You pay \$5,000 for Semester 1 (Jan 2021) less any deposit\*;
- » \$5000 for Semester 2 (July 2021);
- » and final \$5000 for Semester 3 (Jan 2022)

## OUR PRICE LIST IS REGULARLY UPDATED

\*The deposit amount may change from time to time but will appear on your Letter of Offer with a breakdown of course fees and payment dates.

## HOW TO PAY

The available payment methods for new international students can be chosen from following options:

- 1 Go to [tafeqld.flywire.com](https://tafeqld.flywire.com)
- 2 Enter the country of origin to initiate your payment booking and click "Next"
- 3 Follow the instructions provided to send funds to Flywire. For debit/credit card payments, enter your card details online to complete your payment in your home currency
- 4 Receive SMS/text and email notifications each step of the way, including a confirmation when your payment has been delivered to TAFE Queensland.

You can also create a Flywire account to track your payment online 24x7.

## WesternUnion WU

- 1 Go to [student.globalpay.wu.com/geo-buyer/tafeqld](https://student.globalpay.wu.com/geo-buyer/tafeqld)
- 2 Enter your student information
- 3 Enter the Australian dollar amount as listed on your offer letter
- 4 Select your preferred payment method — telegraphic transfer or credit card.

Western Union will transfer your payment in full to TAFE Queensland in Australian dollars (AUD).

# ACCOMMODATION OPTIONS

TAFE Queensland has a range of student accommodation providers throughout Queensland\*. Student accommodation gives you a great opportunity to meet fellow students while still having your own space.

Many student accommodation providers have additional facilities and services such as common areas, social events, and after hours security.

Most providers offer:

- » bedrooms with or without en-suite
- » fully furnished options
- » air-conditioning
- » cabled internet in rooms, and wireless hotspots in lobby
- » in-house Residential Coordinators who organise social, cultural and sporting activities.

You can also choose from a range of quality family Homestay and Student Sharehouse options from our approved providers.

## FULL LIST OF **AVAILABLE ACCOMMODATION**

\*TAFE Queensland does not organize accommodation for students directly. We provide a detailed list of approved quality providers and services that can help you choose the right type of living arrangement to suit your needs and budget. Prices are weekly and will often reduce the longer you stay. A great way to meet new people, make friends and form study groups.

# EASY APPLICATION PROCESS

## 1 SELECT A COURSE AND CAMPUS

Visit our website [tafeqld.edu.au/international](https://tafeqld.edu.au/international) to view our courses for international students and select your preferred course and desired study location.

## 2 CHECK ENTRY REQUIREMENTS

Check to see if you meet the Academic and English language requirements for your chosen course. We may be able to arrange an English pathway for you if you do not meet the requirements.

## 3 COMPLETE YOUR APPLICATION

Depending on your nationality you may be able to apply directly online on our **How to Apply page**. Or you will need to use one of our approved TAFE Queensland education agents (QR codes below). You will need as a minimum: a passport copy, academic records for senior school and any later study and and, in most cases, a valid English test and Statement of Purpose.

 Documents that are not in English must be translated.

## 4 ACCEPT YOUR LETTER OF OFFER

If your application is successful you will receive a Letter of Offer, which may be conditional upon you meeting certain requirements (such as English language proficiency). Your Letter of Offer will show a breakdown of fees and payment dates for the courses you have chosen. It will also include important information about our refund policy and terms and conditions. If you are happy with your offer, you will need to sign your acceptance and return.

## 5 PAY YOUR FEES

Once you have accepted your Offer you will need to arrange your first payment (or deposit). This may include overseas student health cover (OSHC). Your Letter of Offer provides details of how to make this payment using one of our preferred services such as Western Union or Flywire. Once this has been received we will issue you an electronic Confirmation of Enrolment (eCOE).

## 6 APPLY FOR YOUR STUDENT VISA

Once you have your eCOE, you can apply for your student visa. TAFE Queensland does not arrange this for you. You or your agent will need to prepare this application. You should allow 4-6 weeks for your visa to be processed. Visit [Homeaffairs.gov.au](https://Homeaffairs.gov.au) for more information.

HOW TO  
APPLY

REGISTERED  
AGENTS

 International students who are under 18 years of age and are applying for a student visa are required by the Australian Department of Home Affairs to have adequate welfare arrangements in place. Download here our Under 18 flyer.

# ENTRY REQUIREMENTS

The following entry requirements apply to most TAFE Queensland diploma programs:

## ENGLISH LANGUAGE PROFICIENCY

There is a minimum level of English language skills that are required to study at TAFE Queensland for international students.

View all English Language requirements accepted by TAFE Queensland International for VET courses, on QR code below.

## ACADEMIC REQUIREMENTS

Completion of Year 12 (or equivalent). Non school-leavers must have relevant work experience or qualification that indicates likely success of course completion.

Notes:

- » some courses for example, *Health and Engineering* require higher levels of English
- » some creative courses require a portfolio to be submitted

## LIST OF ALL **ENGLISH LANGUAGE REQUIREMENTS**

# INTERNATIONAL STUDENT SUPPORT SERVICES

The International Student Support Office can assist students to settle into life and study in Australia at TAFE Queensland by:

- » Supplying information about living in Queensland advising on accommodation options, banking and transport options
- » Putting students in touch with community support and multicultural services to help with cultural adjustment and homesickness
- » Supplying information and support with 'Overseas Student Health Cover' and health concerns
- » Providing advice about TAFE Queensland procedures
- » Assisting students in applying for student identification (ID) cards and internet access
- » Referrals to learning support to help with academic difficulties
- » Providing information about TAFE Queensland facilities
- » Supplying information on international student visa conditions such as:
  - attendance
  - academic performance
  - contact details
  - working while on an international student visa
  - employment restrictions.

# AGRICULTURE AND HORTICULTURE

**Learn while enjoying the outdoors and watch your work come to life.**

**Turn your passion for conservation into a career, or get ready for a life on the land.**

The agriculture and rural operations industry offers a range of hands-on job opportunities in the great outdoors. Enjoy the fresh air, get your hands dirty, and see the fruits of your labour with a rewarding career on the land. New advances in technology including drones, autonomous vehicles, robotics, and biotechnology are reshaping the agricultural sector. Growth in the Asian export markets coupled with rising disposable incomes and changing diet trends are supporting continued growth in this sector.

The horticultural sector includes everything from plant care to landscape management. With practical courses that cover planting, propagating, irrigating, pruning, processing, and fertilising. Practise your horticulture skills in large grounds that include sprawling lawns, gardens, nurseries, and reclaimed forest parks. The horticulture industry is experiencing strong growth, with more than 50,000 job openings expected in nurseries and gardens across Australia over the next five years.

## Certificate II in Horticulture + Certificate III in Horticulture + Diploma of Landscape Design

AHC20416 - 092526G + AHC30716 - 092541J + AHC50616 - 092598C

Learn about Australia's unique flora with this advanced-level qualification and become qualified to work in large public parks, gardens and landscaping enterprises. **Job prospects: Landscape Designer, Landscaper.**

## Certificate II in Horticulture + Certificate III in Horticulture + Diploma of Horticulture

AHC20416 - 092526G + AHC30716 - 092541J + AHC50416 - 092591K

This triple qualification is perfect for people looking for foundation knowledge with the hopes of progressing quickly to a managerial position within the industry. **Job prospects: Horticultural Manager.**

## Diploma of Conservation and Land Management

AHC51116 - 095166C

Upgrade your skills and knowledge of environmental sustainability with this advanced-level course. **Job prospects: Community Project Coordinator (Land Care), Senior Park Ranger.**

## Certificate III in Rural Operations + Diploma of Agribusiness Management + Diploma of Agriculture

AHC32816 - 095726J + AHC51419 - 103160E + AHC50116 - 095165D

Get the Australian outback experience with this advanced-level, triple qualification that will see you working on farms or stations, or as an agribusiness manager. **Job prospects: Farm Manager, Property Manager, Farm Production Manager.**

## Certificate III in Rural Operations

AHC32816 - 095726J

Start your career in rural operations with this entry-level course and develop practical skills needed to work across a variety of roles including senior operations farmhand. **Job prospects: Rural Sales Assistant, Rural Operations Worker, Senior Rural Operations Farmhand.**

## MORE OPTIONS

# ANIMAL CARE

**Turn your love for animals into a career. Develop the skills to care for a variety of animals, as well as an understanding of the administration and business side of the industry.**

The animal services industry covers a range of roles working with dogs, cats, birds and native wildlife. Our animal services courses include animal nutrition, hygiene, care, health and grooming, as well as the business and administration side of the industry.

Set yourself up for a hands-on career working with animals as a zookeeper, wildlife animal carer, or dog groomer, or work in a range of roles in pet shops, aquariums, catteries, kennels, animal shelters, or wildlife centres.

## Certificate III in Animal Studies + Certificate IV in Veterinary Nursing

ACM30117 - 0101450 + ACM40418 - 0101451

Certificate IV in Veterinary Nursing is considered by the veterinary industry to be the base qualification required to work in a Veterinary clinic.

You'll start by developing fundamental skills in animal care including anatomy and physiology, hygiene techniques, animal identification, animal nutrition, and client communication. You'll also learn how to handle animals correctly, maintain and monitor animal health, and assist in providing treatments for animals.

Combine entry-level knowledge with specialised skills to launch your veterinary nursing career. This course is the nationally-recognised industry qualification for vet nursing. Accelerate your career and learn the technical skills valued by the veterinary industry.

**Job prospects: Veterinary Nurse.**

## Certificate III in Animal Studies

ACM30117 - 0101450

Start your career working with animals with this entry-level course.

This qualification will give you the skills you need to work as an animal attendant or trainer. It is also the perfect foundation course for people looking to move into specialised streams in the field.

This course will give you broad skills in basic care and the capture, handling and transportation of companion animals, as well as specialised skills in either behavioural sciences, veterinary nursing, or wildlife care.

**Job prospects: Animal Health Officer, Animal Control and Regulation Officer, Animal Technician, Animal Trainer, Kennel or Shelter Attendant.**

### KATIE HARRIS AUSTRALIA

Veterinary Nursing

“ I love that we get hands-on experience from early on in the course, and opportunities to have discussions in class about assessments. My advice to anyone thinking about studying veterinary nursing at TAFE Queensland is to go for it if you have the passion to work with animals.

# AUTOMOTIVE

**If you have a passion for cars, trucks, or bikes, then rev up your career with an automotive course.**

The Automotive industry is progressing rapidly, with innovations such as electric and semi-autonomous vehicles dominating the market. TAFE Queensland partner with industry to ensure our students are working on the latest industry equipment and vehicles with donations from Toyota, Nissan, Chrysler, Holden and more.

Learn how to diagnose, maintain and repair a range of heavy commercial vehicles including trucks, buses, trailers, forklifts, scissor lifts, recreational vehicles, agricultural vehicles, and mining and construction equipment. Working closely with key industry partners to ensure our heavy automotive students are working on the latest industry equipment and vehicles, with donations from Iveco, Mack, Kenworth, Komatsu and more.

### **Certificate III in Light Vehicle Mechanical Technology + Certificate IV in Automotive Mechanical Overhauling**

AUR30616 - 095172E + AUR40820 - 103581F

Kick start your mechanical career with this trade-level dual qualification that will get you working in the automotive industry sooner.

**Job prospects:** Automotive Mechanic, Motor Mechanic (General), Light Vehicle Mechanical Technician.

### **Certificate III in Light Vehicle Mechanical Technology + Certificate IV in Automotive Management**

AUR30616 - 095172E + AUR40116 - 102971M

Get hands on with our practical training and learn to repair and service small to medium sized vehicle engines and parts.

**Job prospects:** Automotive Mechanic, Motor Mechanic (General), Light Vehicle Mechanical Technician.

### **Certificate III in Light Vehicle Mechanical Technology + Certificate IV in Automotive Mechanical Diagnosis**

AUR30616 - 095172E + AUR40216 - 095395A

In this course you will learn how to perform advanced diagnostic operations in the automotive retail, service, and repair environment. You will also learn how to repair and service cooling systems, fuel systems, emission control systems, clutch assemblies, manual and automatic transmissions, final drive assemblies, and steering and suspension systems.

**Job prospects:** Automotive Mechanic, Motor Mechanic (General), Light Vehicle Mechanical Technician, Automotive Overhauler.

### **Certificate III in Heavy Commercial Vehicle Mechanical Technology**

AUR31116 - 095727G

This course will qualify you to become a heavy vehicle mechanical technician working on trucks, buses, earthmoving equipment or agricultural machinery.

**Job prospects:** Diesel Motor Mechanic, Heavy Commercial Vehicle Technician, Heavy Vehicle Mechanic.

### **Certificate III in Light Vehicle Mechanical Technology**

AUR30616 - 095172E

This practical course will put you on the path to becoming a qualified light vehicle mechanic.

**Job prospects:** Light Vehicle Mechanic.

# AVIATION

**TAFE Queensland has partnered with Aviation Australia to help you develop your skills and get your aviation career off the ground.**

Aviation Australia is the largest basic maintenance engineering and flight attendant training provider in the Southern Hemisphere, with graduates employed in the aviation industry worldwide.

Gain skills and training in maintenance and repair of aircraft structures, and avionic and mechanical systems.

## Certificate II in Aircraft Line Maintenance\*

MEA20518 - 098989F

This EASA approved training course provides basic level knowledge and skills to perform a range of specified maintenance tasks on aircraft on a flight line or at the departure gate.

This qualification is a pathway to achieving a EASA Category A Aircraft Maintenance Engineer Licence – which allows authorised personnel to release aircraft to service.

## Diploma of Aircraft Maintenance Engineering - Mechanical (TB1)\*

10599NAT - 094988F

Mechanical Diploma students learn the skills to maintain jet engines, brake and undercarriage systems, structural components, cabin pressurisation, fuel and pneumatic components, flight controls, hydraulics and much more.

## Diploma of Aircraft Maintenance Engineering - Avionics (TB2)\*

10600NAT - 094987G

Avionics Diploma students study the avionics and electrical control systems within an aircraft as well as the repair and maintenance processes that apply to these systems. With every new type of aircraft launched, there are new avionics technologies such as fly-by-wire, fly-by-light and even artificial intelligence. This is a field of expertise which is dynamic and evolving.

## Diploma of Aircraft Maintenance Engineering - Avionics (TB2) Extension Course\*

094987G - 10600NAT

If you have successfully completed and received an EASA Category B1 Mechanical Certificate of Recognition for the Approved Course, you may choose to broaden your skills by enrolling in the Category B2 Avionics Extension course. Being qualified in both Category B1 (Mechanical) and B2 (Avionics) will improve your versatility and employability. You will be able to troubleshoot and repair a broader range of aircraft systems and have more oversight of how the mechanical and avionics components work together.

\*These courses are delivered by Aviation Australia (RTO 30770 | CRICOS 02425C). You can find more information, including job prospects, on their website: [aviationaustralia.aero](http://aviationaustralia.aero)

### YASHUVEN SANMUGAM MALAYSIA

Sunshine Coast  
Brisbane  
Gold Coast  
Cairns  
Townsville  
Bundamba  
Toowoomba

**Style your career with courses in beauty or hairdressing. Learn how to use your imagination to help others look and feel beautiful.**

The beauty industry incorporates a range of services including makeup artistry, skin care, nail technology, body piercing, and lash and brow treatments. As a beautician you may provide services in a nail salon, day spa, or health club, or you may manage your own salon. The beauty industry is a growing employment sector with ample career opportunities for you to pursue. The industry is set for continued growth in the future with men fast becoming a key market segment, and an increasing popularity of procedures such as microdermabrasion, laser therapy, and injectables.

## Diploma of Beauty Therapy

SHB50115 - 089056D

Upgrade your career in beauty with this high-level qualification from TAFE Queensland. You will learn advanced skills that will help you to progress as a beauty therapist.

This course will give you the advanced skills in areas including body massage and treatments, facial treatments, make up design, waxing services, and more. You'll be guided by an expert team of professionals who understand the industry and its requirements by maintaining strong connections.

Successful completion of this course will give you the specialised skills employers in the beauty industry look for. You'll be able to upgrade your career as a senior beauty therapist.

**Job prospects: Beauty Therapist.**

## Certificate III in Hairdressing

SHB30416 - 095203C

Set yourself on the path to a successful career in hairdressing with this entry-level qualification. Gain the practical skills to confidently seek employment in a hair salon as a hairdresser.

Learn modern salon operations including how to colour and lighten hair, provide shampoo and basin services, and how to design and cut hair. All of this will take place in the classroom and real functioning professional salon environments.

Successful completion of this course will provide you all you need to confidently seek employment opportunities in hairdressing.

**Job prospects: Hairdresser, Hair Stylist.**

### SORAYA ELYNA MALAYSIA

# BUILDING AND CONSTRUCTION

**Get hands on and lay a solid foundation for your career. Develop practical skills to work in the building and construction industry with a range of trade courses.**

A career in carpentry and joinery will see you working in either the residential and/or commercial sectors within the construction industry. Many carpenters and joiners find employment in housing and construction projects, civil engineering and maintenance roles. Carpenters and joiners can also choose to work for themselves as a subcontractor or small business owner. The job outlook remains positive for the building and construction industry. Qualified workers across all aspects of the building and construction industry are in high demand. Learn how to construct frames for walls and ceilings, make timber joints, assemble furniture components, or construct and install shopfronts.

## Certificate III in Cabinet Making

MSF31113 - 095202D

In this course you will gain skills in making and repairing fine timber products using solid timber, flat-panel or timber-based materials. You will learn processes from design through to production including producing manual and computer-aided drawings, using power tools and wood machines, and undertaking jobs within cost and time constraints. Within this course you may specialise in producing free-standing furniture such as dining and bedroom suites, antiques and office furniture; or you may learn the skills required for the manufacture and installation of kitchen and bathroom fittings.

**Job prospects: Cabinet Maker (Kitchens and Bathrooms), Cabinet Maker (Furniture).**

## Certificate III in Carpentry

CPC30211 - 095187J

In this course, you'll learn how to construct, install, finish and repair structures and fixtures for residential, commercial and industrial developments. You will work with a range of tools, equipment and materials to construct frames for walls and ceilings, construct pitched and advanced roofs and eaves, and erect and dismantle formwork for footings and slabs on the ground.

This course, delivered by our highly experienced and passionate teachers, will see you graduate with the skills that will allow you to become a qualified carpenter or joiner.

**Job prospects: Carpenter and Joiner.**

## Diploma of Building Design

CPP50911 - 077748G

In this course you will learn specialist skills in building design for residential and small-scale commercial projects. You will learn to understand client needs to develop building design concepts and create sustainable design solutions. Utilising a suite of software programs for computer-aided drafting (CAD) and presentation, you will produce and present drawings and models.

**Job prospects: Draftsperson, Building Designer.**

### FLAVIA WELLHAUSEN BRAZIL

# HOSPITALITY AND COOKERY

## LOCATIONS

Brisbane  
Gold Coast  
Sunshine Coast  
Toowoomba  
Townsville  
Cairns  
Whitsundays

**The opportunities in hospitality are endless. You will gain in-demand skills to travel the world. Work behind-the-scenes in the kitchen, or front-of-house at a restaurant, cafe, hotel or resort.**

A career in cookery can open up a range of job opportunities in restaurants, hotels, clubs, pubs, cafes, and coffee shops. Gain hands on culinary experience in the preparation of appetisers, salads, stocks, sauces, soups, seafood, meat, poultry, breads, pastries and cakes. Learn how to work effectively in the kitchen and participate in safe food handling practices. In addition the hospitality industry offers a variety of exciting career pathways. From five star hotels and Michelin-starred restaurants to internationally renowned casinos; the opportunities are endless. The hospitality industry in Australia is booming. Rising discretionary incomes, increasing business travel, and busier lifestyles are fuelling strong growth in the sector.

## Diploma of Hospitality Management

SIT50416 - 091046K

The number of people working as hotel service managers such as front office manager, head housekeeper, or hotel concierge is expected to grow rapidly over the next five years. This qualification will improve your ability to lead and manage teams in the hospitality industry and develop skills including rostering, budgeting, marketing, and people management. You will also learn customer service skills in our training restaurants as well as how to operate a bar and prepare espresso coffee.

**Job prospects: Cafe/Restaurant/Gaming/Banquet Manager.**

## Certificate IV in Commercial Cookery

SIT40516 - 092021M

This course equips you to work within the kitchen at a supervisory level. You will gain hands on culinary experience in the preparation of appetisers, salads, stocks, sauces, soups, seafood, meat, poultry, breads, pastries and cakes. Develop your supervisory skills and learn how to manage diversity in the workplace, implement sustainable practices, provide leadership, manage finances, and coordinate cooking operations.

**Job prospects: Chef de Partie, Chef.**

## Certificate III in Patisserie

SIT31016 - 092020A

Establish yourself as an entry level pastry chef or patissier with this hands-on course. Develop the practical skills and foundation knowledge required to work in a pastry kitchen. This course offers a broad range of kitchen operation skills while also focussing on refining your ability to skilfully produce cakes, bakery products, desserts and petit fours.

**Job prospects: Pastry Chef, Pastrycook.**

### DINO YAN HONG KONG

Commercial Cookery and  
Hospitality Management

“TAFE Queensland provided me with a lot of skills and opportunities to become a chef. I chose to study with TAFE Queensland as they have experienced chefs and have industry based facility. I did my work placement at a fine dining restaurant. I’m now a chef with a world famous hotel chain in Brisbane.

# ICT, INFORMATION AND NETWORKING

## LOCATIONS

Brisbane  
Gold Coast  
Sunshine Coast  
Townsville  
Cairns

**Technology puts the world at your fingertips. It's time to develop your technical expertise and work in ICT, web and software development, cyber security or telecommunication.**

Computers and information technology are vital tools in any business and qualified employees with information and communications technology (ICT) skills are always in demand. Help connect people to the world with a career in telecommunications technology or kick-start your ICT career with an entry-level qualification.

The ICT industry is currently experiencing strong growth with as many as 50,000 new positions expected to be created over the next five years. Get a head start on your career and enter the workforce sooner with an industry-standard qualification.

With information technology professionals already in high demand, adding a specialisation in cyber security to your skill set will ensure you enter the job market with highly sought-after expertise. As cyber-attacks are becoming increasingly common and more harmful, organisations are looking for ways to protect themselves and mitigate the risks of future attacks.

## Certificate III in Information Technology

ICT30120 - 106316K

Explore a career in information and communications technology (ICT) with this entry-level qualification. Choose a specialisation that suits your career goals and get qualified to work across a variety of ICT roles. **Job prospects: Help Desk Officer, Network Support Officer, ICT Technician.**

## Diploma of Information Technology (Advanced Networking and Cloud Engineering)

ICT50220 - 107313E

Advance your IT career with this high-level course and learn specialist skills in networking and cloud engineering. **Job prospects: Cloud Architect, Cloud Engineer, Cyber Security Administrator, Network Engineer.**

## Certificate III in Information Technology Diploma of Information Technology (Advanced Networking and Cloud Engineering)

ICT30120 / 106316K - ICT50220 / 107313E

Upgrade your ICT career with this dual qualification in digital media and software development. **Job prospects: Software Developer, Systems Administrator, Games Programmer.**

## Diploma of Information Technology (Advanced Programming)

ICT50220 - 107313E

In this specialisation you will learn how to build advanced user interfaces and implement a model view controller framework. You will also learn how to match ICT needs and provide strategic direction to your business, including how to promote workplace cyber security. **Job prospects: Assistant Software Developer, Systems Administrator, Analyst Programmer.**

# MANUFACTURING AND DESIGN

## LOCATIONS

Brisbane  
Gold Coast

**Build your career with our highly practical courses in Interior Design or Building Design. Or, combine your passions with a dual diploma in both fields.**

Manufacturing and design incorporates a range of creative and hands-on study areas including interior design and decoration, cabinet and furniture making and manufacturing technology. Learn how to design and decorate residential interiors, manufacture and install built-in cabinets, handle and install glass windows and doors, or create and modify computer-aided design (CAD) drawings.

## Diploma of Interior Design

MSF50218 - 0100095

Upgrade your career in design with this high-level qualification that will give you the specialised skills you need to become an interior designer.

Explore and creatively apply the design process to the development of 2D and 3D forms and use computer-aided design (CAD) applications to produce digital models for interior design projects.

You'll learn how to work with a client to develop and negotiate a design brief, determine lighting requirements, create colour schemes, and formulate creative design solutions for interior residential spaces.

### Job prospects:

**Interior Designer,  
Interior Decorator,  
Interior Stylist,  
Colour Stylist,  
Residential Interior Designer.**

### **MARIO ANTONIO** CHILE

Interior Design and  
Decoration

“ The teachers and facilities really impressed me and my expectations were exceeded. I have got the confidence to express my thoughts and ideas and that has opened doors for a new future. The multicultural environment is absolutely fantastic.

# MARITIME

**Make a splash with a career in the maritime industry. Develop your career in marine craft construction with this intermediate-level course.**

Offering training in marine craft construction, the number of job vacancies in the industry is expected to increase over the next five years with employers searching for qualified candidates to fill jobs across a wide range of maritime positions.

## Certificate III in Marine Craft Construction

MEM30705 - 095197G

Gain the technical knowledge and practical skills required to work as a boat builder and repairer with this intermediate-level course.

You will learn a broad range of practical skills and technical knowledge across a variety of vessels, enabling you to work as a boat builder and repairer.

Australia is recognised as a global leader in the marine craft construction industry boasting world-class boat building facilities and a reputation for delivering quality training. The industry relies on skilled workers to meet high-quality manufacturing standards and is prepared to invest in its workers to develop the skills required.

This course provides the skills required to perform a range of marine craft construction tasks. You will learn about occupational health and safety, trade drawing and lofting, material science, composite, and timber construction. You will also study the repair and maintenance procedures associated with various construction methods. You will receive hands-on training delivered by our industry-experienced teachers in workshops equipped with the latest in marine technology.

Upon completion of this course you will be qualified to produce templates and patterns from full size detailed drawings, conduct fit-outs and carry out repairs to wooden, fibreglass and composite marine craft.

### Job prospects:

**Shipwright, Boat Repairer/Builder, Boat Builder and Repairer (Wooden Boats), Boat Builder and Repairer (Moulding and Fibreglass).**

## ALEXANDRE GUARNERI BRAZIL

Marine Craft Construction

“ I study at TAFE Queensland on why certain things are done in a certain way due to safety and quality reasons and then I get out to the real world to practice what I learnt and do it right, that's the best thing about TAFE Queensland! I have never stepped in a boat before but TAFE Queensland has prepared me for the industry and to become a boat builder in the future.

# NURSING AND HEALTH

**Help people in their time of need with a career in healthcare. Work in nursing, aged care, primary health care, allied health, dental, pathology, or laboratory science.**

The health sector is growing in Australia with four out of five nursing graduates gaining employment within three months of graduation. When you study nursing with TAFE Queensland you will have access to purpose-built training facilities, experienced teachers, and vocational placement opportunities. After your study, you will be on the path to being fully qualified in nursing care, patient health analysis and administration, and monitoring medications. Another area of growth is in the oral healthcare industry over the next five years due to the ageing population and the increasing number of consumers with private health insurance extras cover.

There is a strong need for sample collection and laboratory skills across a variety of industries including mining, food manufacturing, construction, and pharmaceutical production. A range of courses in laboratory science, including sampling and measurement, laboratory technology and techniques, and pathology collection and assistance is on offer.
